

Capability Statement

UEI: K63WZKZB9859 | **CAGE:** 9H2D8

About

Delivering Enterprise Infrastructure Network Transformation in Commercial and Federal Agencies, Focusing on Enhancing Collaboration and Advancing Network Availability and Security.

Past Performance

- US Air Force (Space Force Delta 1) - Prime
- NSWC – Network Equipment - Prime
- NAVSEA -Network Equipment via (Prime)
- NAVAIR – Network Equipment via (Prime)
- NRCC – Network Equipment and License
- DOE - Katy ISD (Prime)
- Eva Signatures (Prime)
- ST Engineering (Subcontractor)
- Guidepoint Security (Subcontractor)

Sample Projects

- US Air Force – Cisco Network equipment and professional services (Cisco ISE servers).
- NSWC - IT Professional services and Network equipment supplies.
- SDWAN Solution: Configuration, Deployment, Testing for NRCC.
- IT network equipment sales of over \$300k to NAVSEA and NAVAIR via prime contractor
- Enterprise Wireless Design, Installation and Maintenance for Prime Process Safety
- Wireless and VOIP Design, Installation and Maintenance for SNJ, Eva Signatures
- Katy ISD – Sale and provisioning of computers including Chrome books, procurement of IT equipment.
- Enterprise network Re-IP for ST Engineering across 21 states. Deployment of new wireless networks across 15 States.

Desired Opportunities

- Contracts under \$10k
- Contracts under \$25k
- Contracts under \$250k
- Available for larger contracts
- Available for sub-contract opportunities
- Available for prime contract opportunities

Network Expertise

- Network Equipment Sales and Distribution
- Enterprise Network Design and Implementation
- Network Engineering for MPLS, WAN, LAN, DMVPN, SDWAN
- Custom Network Solutions
- Enterprise Wireless Design
- Enterprise Network Security

Network: Configuration and Support

- TCP/IP, LAN/WAN, OSPF, SNMP, DHCP, BGP
- Load balancing: F5
- Switching: LAN, ISP/WAN Circuits and protocols, IPAM
- Wireless: Aruba, Cisco (installations, management, design, Monitoring)
- VOIP: Design, Configuration, Testing
- Security: 802.1x, IPS/IDS, NGFW, ISE, VPN

Network Security

- Security Policy Development and Implementation
- Firewalls (Next-Generation Firewalls - NGFW)
- Intrusion Detection/Prevention Systems (IDS/IPS), VPN
- Border Gateway Protocol (BGP) security
- Layered Defense
- Anti DOS Protection
- VPNs and Zero Trust Network Access (ZTNA)
- IAM and NAC: Cisco-ISE, Duo, Secure Access, Aruba - ClearPass, EdgeConnect

Differentiators

- Successfully completed projects/contracts for Air Force, NAVSEA, NSWC, NAVAIR, NRCC, Katy ISD and many other customers.
- **Certifications:** CCNP(Sec, Ent), CCDP, ITIL, CompTIA Sec+, CISA, CISM, ServiceNow (CAD), PMP
- **Partnerships:** Cisco, Microsoft, HPE, GCP, Dell, Lenovo, Dropbox, CrowdStrike, Adobe, Fortinet, Aruba, APC, Blackbox, Palo Alto, Zoom
